

CE-2500-HVE

Continuous Band Sealer

Two in One Machine!

Horizontal / Vertical Configurations
with Embosser Wheel

- Stainless steel construction
- Easy Operation
- Quick warm up
- Seals any thermoplastic material
- Digital Temperature controller
- Speed controlled conveyor
- Bag Counter
- Emergency stop switch
- Embosser Wheel
- Optional Stainless Steel Stand
- Minimum Vertical Bag Height - 5"
- Maximum Vertical Bag Height – 10.5"

The CE-2500-HVE Continuous Band Sealer is a great choice for businesses that need reliable small-bag packaging. This two-in-one machine offers both vertical and horizontal configuration and is designed for use with bags up to 10.5 inches in height. Our band sealers can handle various types of plastics, including single or composed bags and film up to 20 millimeters thick, making them great for a huge range of industrial applications. Each one comes with an embosser, counter and digital temperature control for all-in-one ease of use.
