

SGP Series Piston Fillers

Great for Liquids, Paste &
Creams

The SGP Series Piston Fillers are non-electric piston fillers ideal for use in wet environments. Designed for both safety and convenience, these paste and cream fillers can be set up and operated anyplace where electricity is not available or where there may be a safety concern. Ideal for handling chemical and flammable materials, these piston fillers use a foot pedal to trigger the fill cycle.

- All touch materials of this machine adopt 316 stainless steel surface
- Easily adjust the filling amount within the range as required with high accuracy.
- Simple disassembly for easy cleaning
- Ideal for special industries such as food, chemical, and pesticide.

Model	Std Hopper Size	Capacity(Min – Max)
SGP-60	3 Gallon *	0.34 - 2.0 oz / 10ml - 60ml
SGP-120	3 Gallon *	1.0 – 4.0 oz / 30ml - 120ml
SGP-250	5 Gallon *	1.5 - 8.5 oz / 45ml - 250ml
SGP-500	5 Gallon *	2.5 - 16.9 oz / 75ml - 500ml
SGP-1000	8 Gallon *	3.5 - 33.5 oz / 100ml - 1000ml

**Hopper Upgrades: 3, 5, 8, or 15 gallon hopper.*
