Horizontal / Vertical Configurations
with Ink Print Wheel

- Stainless steel
- 3/8 in. Seal Width
- Digital Temperature controller
- Speed controlled conveyor
- Counter
- Emergency stop switch
- Ink Print Wheel
- Optional Stainless Steel Stand

The CE-3000-HVE Continuous Band Sealer with built-in printer is a great bag sealer for small- and large-scale companies that want reliability and versatility at once. Featuring a unique configuration that allows it to sit both vertically or horizontally, this high-quality bag sealer also uses an electronic temperature control system and a speed adjusting transmission to give the user all the control. These top-quality machines are designed to work with bags up to 18 inches tall and even feature built-in solid-ink coding devices that print clear characters on the package in instant-dry permanent ink.
