

CE-6800

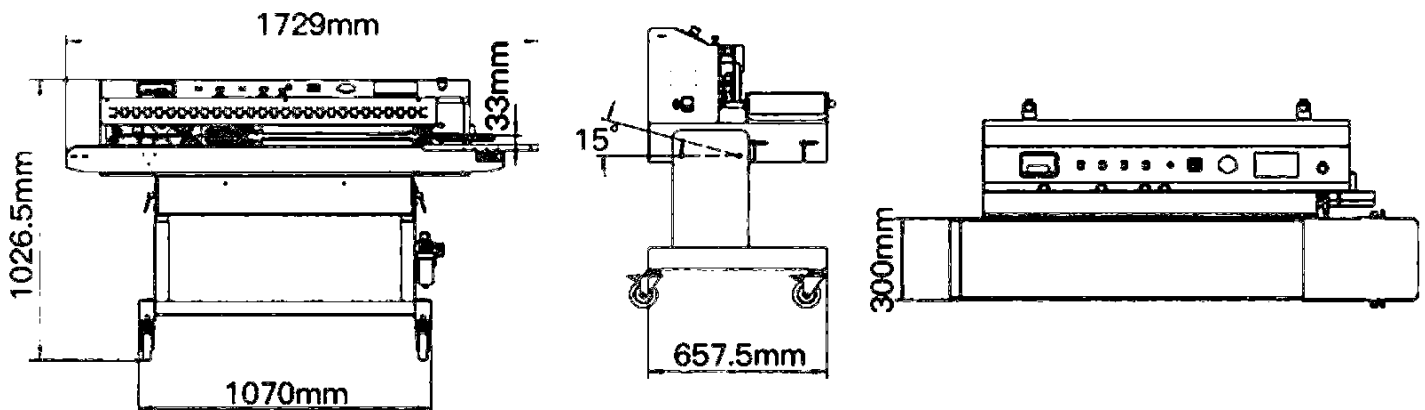

Horizontal Sealer

Power Supply	AC 220/50 110/60
Sealing Speed	0-24 m/min
Temperature Range	0-300°C (Stepless adjustable)
Sealing Capacity	Sealing power (W) 400x2
Conveyor Size	1730x300 mm
Conveyor Load Max	15 Kg
Seal Width	10 mm
Machine Weight	335 lb

The CE-6800 Horizontal Sealer is suitable for sealing medium and large bags that require vacuum or flushing. It integrates vacuum, flushing, sealing and ink-jet coding. It adopts touch screen for the simple operation, multiple functions, and perfect sealing effect.

- Horizontal moving air nozzle has high capacity and strong stability
- Vacuum generator, low noise, no heat or oil smoke
- Touch screen control to facilitate operation
- Ink jet coding function for enriched style printing.
