

SGP-D Large Capacity Dual Head Piston Fillers

**Great for
Liquids, Paste & Creams**

The Cleveland Equipment SGP-D series piston filler is a dual head bench-top piston filler that offers additional production output. This non-electric piston filler is operated with a foot pedal that triggers the fill cycle, making it great for use in wet or damp environments or anywhere that isn't wired for electricity. All touch materials of this machine adopt 316 stainless steel,

- Easily adjust the filling amount within the range as required with high accuracy.
- Simply disassembly to safely operate and easily clean
- Ideal for special industries such as food, daily chemistry, and pesticide.
